and tablets, with a licensing scheme intended to simplify AutoCAD deployments. This release was marketed as CAD for the iPad (because that is what it is) and initially sold for \$49.99, but in October 2013, the price was raised to \$69.99. AutoCAD LT 5.0 was released in July 2014, bringing the software up to date with AutoCAD 2013, and adding additional functionality, such as 2D and 3D annotations. A major feature of AutoCAD LT 5.0 is the ability to convert 2D drawings to DXF format. A mobile version of AutoCAD LT, AutoCAD LT for iOS (released November 2015) was created by Autodesk. AutoCAD LT 2017 and 2018 AutoCAD LT 2017 was released on September 18, 2016. AutoCAD LT 2018 was released on May 30, 2017. Both AutoCAD LT 2017 and 2018 are fully updated to AutoCAD 2018. The 2017 and 2018 releases are also the first releases to allow for the use of the web app. AutoCAD LT 2018 is also available on the Windows app store and has an extra 2D annotation feature to convert 2D drawings into DXF format. AutoCAD LT 2019 AutoCAD LT 2019 was released on February 27, 2018. AutoCAD LT 2019 is also available on the Windows app store and is the first version of AutoCAD LT to a1d647c40b

## AutoCAD [Win/Mac]

Enter the Autocad licensekey into the generated.reg file. This will prompt you to install the Autocad registration engine from the Autodesk website. This will then prompt you to register your copy of Autocad. You will then need to complete the registration. It is possible to install/uninstall the registration engine without completely uninstalling and reinstalling AutoCAD. Simply uninstall the registration engine (and select the auto uninstall option), install the registry editor and the registration engine is registered.
